

# The European Initiative to Accelerate Cybersecurity Research and Innovation

eu-LISA Industry Roundtable 2023

Stockholm 1-2 June

Christoffer Karsberg – Coordinator NCC-SE

## The need

- **Strengthen the cybersecurity capacity** in the EU
- **Decrease dependencies** on non-european suppliers of cybersecurity solutions
- **Increase the competitiveness** on the cybersecurity market

An EU-regulation, that was adopted 28 June 2021, defines the establishment of:

a **European Cybersecurity Competence Centre (ECCC)**

a **Network of National Coordination Centres (NCCs)**

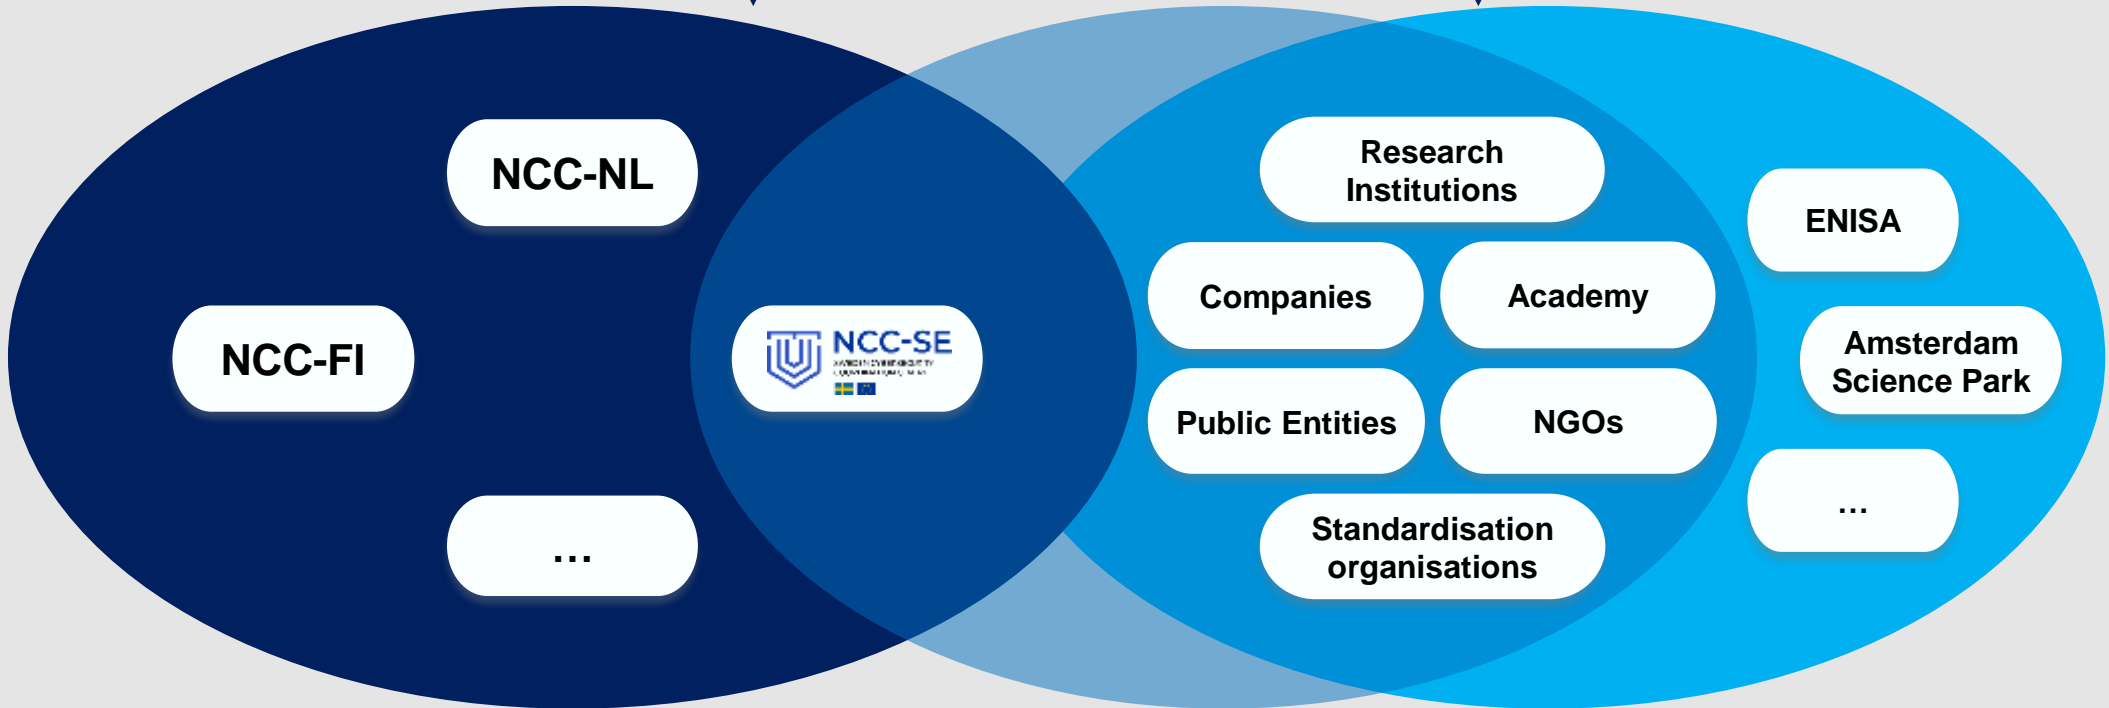

a **European Cybersecurity Competence Community**

**The mission for ECCC and the network of NCC:s is to strengthen the cybersecurity and competitiveness of the EU by supporting the Union's capacity building within research, innovation and competence**

**ECCCC**  
EUROPEAN CYBERSECURITY  
COMPETENCE CENTRE

**The European Network of  
National Coordination Centres**

**The European Cybersecurity  
Competence Community**

# NCC-SE

SWEDEN CYBERSECURITY  
COORDINATION CENTRE

## NCC-SE:s mission and services

- Support ECCC in its mission – National Contact Point
- Collect and highlight Swedish priorities to the EU/ECCC
- Promote the EU funding initiatives
- Give guidance regarding EU calls
- Financial support to SME:s
- Coordinate the Swedish stakeholders – the Swedish Competence Community

# Swedish node for accelerating innovation and research in cybersecurity

A national cybersecurity collaboration to accelerate research and innovation in the industry and the public sector.

# Activities for NCC-SE 2023

- ECCCC and NCC-Network
  - EU Working group cooperations
  - Deployment of platform for the European Community
- Conferences 2023
  - Cybernode Research Conference 26 January
  - eu-LISA Roundtable 1-2 June
  - Digital Assembly 15-16 juni
- Cybernode Activities
  - Newsletters and LinkedIn announcements
  - Membership meetings, webinars, roundtables
  - Discussing a possible Dragon Nest activity
- Information events on cybersecurity calls

# ECDC shall among other tasks give cybersecurity related financial support through Horizon Europe and DIGITAL Europe

Most of the cybersecurity calls require EU-based actors or seat at associated MS

## Horizon Europe Cluster 3 Civil Security for Society Research Program

The Cluster 3 work programme contains topics on i.a. cybersecurity

- Consortia models
- Often cross-border cooperations

# Horizon Europe Work Programme Call - Increased Cybersecurity 2023

- Secure Computing Continuum (IoT, Edge, Cloud, Dataspaces)
- Privacy-preserving and identity management technologies
- Security of robust AI systems

**Opening date: 29 June 2023**

**Closing date: 23 November 2023**

# DIGITAL Europe Cybersecurity Implementation Programme 2021-2022

- Individual entities can apply for many of the topics
- Many topics have no need for cross-border cooperation

# DIGITAL Work Programme 2023-2024

- Deployment of actions in the area of cybersecurity

- Coordination Between the Cybersecurity Civilian and Defence Spheres
- Standardisation in the Area of Cybersecurity
- Support for Implementation of EU Legislation on Cybersecurity and National Cybersecurity Strategies

**Opening date: 25 May 2023**

**Closing date: 26 September 2023**

# Thank you!
